ON THE COVER: Rick Sanders, Portland State's remarkable little (5 feet, 4 inches) two-time National Collegiate champion at 115 pounds, who will defend his crown once more in 1968, along with the Outstanding Wrestler award he achieved in last season's national tourney. A native of Lakeview, Ore., the 21-year-old Sanders' off-mat interests are poetry, trout fishing and motorcycles. His ambition is to follow in the footsteps of his wrestling coach, Howard Westcott, after he has won all the honors he can for his mentor (who has been at the Oregon college 14 years) and an Olympic gold medal in '68.

“What Makes a Winning Athlete?”

NEW FREE BOOKLET
tells how pHisoHex® can help

Abrasion—abscess—absence from play. A preventable sequence of events. Regular, exclusive use of pHisoHex, America's leading liquid antibacterial skin cleanser, builds up an invisible antibacterial film of hexachlorophene on the skin. Such use makes the skin of athletes “hospital” clean—like that of surgeons—better protected against infection of abrasions and broken blisters. Helps prevent boils, too.

The new booklet emphasizes the role of healthy skin in sports. It describes how pHisoHex has protected team players, *kept* them where the action is. It also includes other health hints for athletes. Write for your free copy.

Free supply also available to coaches, trainers and athletic officials for use of team members and students.

National Collegiate Championships

By **PAUL P. SCHLEMMER**

Sports Information Director, Kent State University

Michigan State broke the dominance of the Big Eight Conference by taking the 1967 National Collegiate championship, thus becoming the first-ever Big Ten team to win an official team crown.

The meet, held at Kent State University March 23-25, drew nearly 31,000 fans to the marathon sessions. The fans not only saw a record 345 wrestlers perform, but saw defending champion Oklahoma State slip to sixth place, an unprecedented spot for the Cowboys.

Michigan State's biggest rival throughout the three days was Michigan. The Wolverines finished second with 63 points, a distant 11 points behind.

The prelims and semi-finals produced upsets as three defending champions were ousted along the way. Michigan's Dave Porter, defending heavy-weight champ, was upset, as was Oklahoma State's Gene Davis at 137 and Ohio State's Dave Reinbolt at 167, who was pinned by Pete Conrell of Michigan in 0:29, the fastest fall of the meet.

Familiar faces popped up finals night, however, as Mike Caruso, Lehigh's great 123-pounder, became the 22nd man to win three straight national championships. Caruso eked out a 7-6 win over Michigan's Bob Fehrs, the third time Fehrs failed to defeat Caruso in the finals. The margin of victory was a scant 19 seconds, as Caruso logged 1.19 riding time.

Prior to this match, Rich Sanders, Portland State's unbelievable 115-pounder, won his second straight title with a 19-2 win over Jim Anderson of Minnesota, and was later named the Outstanding Wrestler of the meet.

Oklahoma's Harold McGuire took the 130-pound title with a 9-6 win over Don Behm of Michigan State. The match was one of the great ones ever in the finals, with both men refusing to concede anything.

Dale Anderson, Michigan State, took the 137-pound title with a 3-2 overtime decision over Massaru Yataba of Portland State.

Don Henderson, the first Air Force wrestler to win a championship, had no trouble with Wisconsin's Mike Gluck and took the 145 title 8-1.

The 152-pound crown was decided on a late takedown as Jim Kamman, of Michigan, beat the buzzer and Wayne Wells of Oklahoma, 6-5.

The final close match of the night saw Vic Marcucci of Iowa State nip Oklahoma's Cleo McGlory, 2-1 on 1:12 riding time for 160-pound honors.

The 7,223 paid fans were appreciative of Michigan State's George Radman's 17-8 win over Mike Gallego, Fresno State, for the 167-pound title; Fred Fozzard, Oklahoma State, 10-3 win over Mike Bradley, Michigan State, for the 177-pound crown, and Tom Schlendorf's 5-0 mastery over Iowa State's Don Buzzard, for the 191 championship.

The crowd began to await the heavyweight match and the appearance of Arizona State's Curly Culp, easily the crowd favorite throughout the tournament. Finally it was Clup's turn. The gigantic heavyweight, who had awed the fans for three days with his frame and power, faced Dom Carollo, Adams State, who had upset Porter earlier.

Culp responded to the plaudits with a fall in 0:59 to wind up the most successful National Collegiate championship in history.

Defending champion Lehigh University won a record 19th team title during the 1967 EIWA tournament. Winning for the fifth time in the last seven years, Lehigh placed nine of its ten men team led by co-captains Mike Caruso and Joe Peritore.

Caruso captured his third EIWA crown at 123 pounds, was named Most Outstanding Wrestler and accepted the John Fletcher Award which goes to the man who has accumulated the most career tournament points for his team. Steve Comiskey of Navy, third at 130, pinned four opponents and received the Billy Sheridan Memorial Award given to the man scoring the most falls in the least aggregate time.

Helms Foundation Amateur Wrestling Hall Of Fame

The Amateur Wrestling Hall of Fame was established by the Helms Athletic Foundation of Los Angeles in 1957 with an original selection of five wrestlers, nine coaches and one contributor.

Since 1957 annual elections to the Hall of Fame have been held. With the announcement of seven additions for 1967, the total number to be honored for their outstanding contributions to the sport is now 100, including 43 wrestlers, 40 coaches and 17 contributors.

Elections to the Amateur Wrestling Hall of Fame are made by the Helms Hall Board as a result of recommendations made by the Amateur Wrestling Hall of Fame Committee, headed by Jess Hoke, editor and publisher of Amateur Wrestling News.

A permanent trophy for amateur wrestling is maintained in Helms Hall and members of the Hall of Fame whose names are inscribed thereon are as follows:

Official NCAA Wrestling Rules

RULE 1—ELIGIBILITY

SECTION 1. Each contestant must be an Amateur as defined in the rules of the National Collegiate Athletic Association and be eligible according to the rules and regulations of the college or university which he represents. Participants in the National Collegiate Wrestling Championships must represent institutions which are active members of the NCAA in good standing and must conform to the rules of eligibility adopted by the NCAA to apply to all annual championship meets conducted by this Association.

NOTE—See Rule 5, Section 4.

SECTION 2. All colleges, universities and institutions of learning in the United States with acceptable scholastic and athletic standards may be elected to membership in the NCAA. To comply with "acceptable scholastic standards" the institution must be on the approved list of the accepted accrediting agency of the district in which the institution is located.

SECTION 3. An institution is considered as having "satisfactory athletic standards" on approval of its standards by a two-third majority of the active members of the NCAA in the Association District in which the institution is located. Further information regarding application for membership may be obtained from the Executive Director of the NCAA, Walter Byers, Midland Building, 1221 Baltimore, Kansas City, Mo. 64105. At least thirty (30) days should be allowed for the above procedure.

SECTION 4. Participation in NCAA Championship competition shall be governed by the NCAA National Collegiate Championship Events Handbook.

HIGH SCHOOL MODIFICATION

Contestants shall be eligible under the rules of the High School Athletic Association of the State in which their school is located.

RULE 2—REPRESENTATION

SECTION 1. An institution shall be represented by only one contestant in each weight class.

SECTION 2. No contestant shall be allowed to represent his institution in more than one class in each meet.

SECTION 3. A representative may not accept a forfeit in one weight class and compete in another class.

SECTION 4. A contestant who weighs-in for one weight may be shifted to a higher weight class.

National Collegiate Championships

SECTION 5. All entries to the National Collegiate Wrestling Championships which are received after the deadline date shall be charged a double entry fee. The deadline shall be nine days in advance of the first tournament session. When the team registers at the National Championships the institutional representative shall indicate the entry in each weight class in so far as it is possible before the weighing-in.

RULE 3—MATS, COSTUMES AND EQUIPMENT

Mats

SECTION 1. The wrestling area of the mat shall not be less than a square 24 feet by 24 feet or a circular area 28' in diameter. There shall be a mat area at least 5 feet in width which extends entirely around the wrestling area. The entire mat area shall be the same thickness which shall not be more than 4 inches nor less than the thickness of a mat which has the shock absorbing qualities of a 2-inch thick hair felt mat.

When a plastic mat cover is used, it is recommended that it be sufficiently large to cover the mat proper and all supplementary mats, or laced underneath the mats. The wrestling area should be marked on the mat cover or mat by painted lines two inches in width. At the center of the mat proper there shall be similarly painted a circle 10 feet in diameter, and it is recommended a different color be used than the one on the boundary line. It is further recommended that an area on opposite sides of the 10-foot circle be designated by means of a 12-inch portion of the circle's arc on one side in green and directly opposite a similar portion of the arc in red. Contestants in starting the match and resuming the match in a neutral position will return to their respective designated areas. (Home—green, Visitor—red.) There shall be placed at the center of the cover or mat a design, at least 12 inches long.

MINIMUM MAT SIZES

A circle with a diameter of 28 feet is a legal wrestling area providing there is a mat area at least 5 feet in width which extends around it.

Costume

SECTION 2. The costume shall consist of:
 a. Full length tights, close fitting outside short trunks, and sleeveless shirt without fasteners at the shoulder and fastened down at the crotch. Shirts shall not be cut away in excess of the shirt illustrated in Figures 1 and 2 (picture of legal shirt, back and front view).

Nos. 1 and 2—FRONT AND REAR VIEW OF SHIRT AND UNIFORM

This shows front and rear view of official shirt. Any shirt with more exposure is illegal.

Properly cut one piece uniform is legal when worn with full length tights. No wrestler shall lower his shoulder straps in the presence of spectators.

b. Light heelless gymnasium shoes reaching above the ankle and laced by means of eyelets.

c. It happens occasionally that two contestants look so much alike and are dressed so similarly that it is very difficult for the Referee and spectators to distinguish them. In all dual meets or tournaments, the home management shall have immediately available some provisions for clearly identifying the contestants. Such provisions may be by means of colored anklets, numbers or any other plan which will accomplish the purpose.

Headgears

SECTION 3. The Rules Committee strongly recommends that protective headgear be used in all practice and competition.

Special Equipment

SECTION 4. Any mechanical device which does not allow normal movement of the joints and prevents one's opponent from applying normal holds shall be barred. Any legal device which is hard and abrasive must be covered and padded. Artificial limbs and loose pads are prohibited.

Enforcement

SECTION 5. The legality of all equipment (mats, costumes, helmets, devices, pads, etc.) shall be decided by the referee.

RULE 4—WEIGHT CLASSIFICATION

SECTION 1. Competition shall be divided into nine weight classes as follows:

The 115-lb. and/or 191-lb. classes may be officially included in the weight classification provided either or both are adopted by individual conferences. Interconference meets shall be contested in the original (9) weights.

For National Collegiate Championships the 115 and 191-lb. classes will be included. These weights will count in scoring of the team championship.

SECTION 2. Competition in dual meets shall be conducted in the weight order listed, unless changes are mutually agreed upon at the time of weighing-in.

HIGH SCHOOL MODIFICATION

Competition shall be divided into weight classes as follows:

103 lbs.	127 lbs.	145 lbs.	165 lbs.
112 lbs.	133 lbs.	154 lbs.	Unlimited
120 lbs.	138 lbs.		

The 95 and/or 180-lb. classes may be officially included in the weight classification provided either or both are adopted by an individual state association. Interstate dual meets shall be conducted in the original ten weights and interstate competition shall be governed by the rules of the home or host state.

1. Beginning January 1st and continuing until February 1st, two additional pounds will be allowed in each weight class. Beginning February 1st and continuing for the remainder of the season, one additional pound shall be allowed in each weight class. This will make a net increase of three pounds beginning the 1st of February.

2. The Rules Committee recommends that individual State Associations utilize an effective weight control program.

3. The use of a sweat box or similar artificial heat device for weight reduction purposes is prohibited.

RULE 5—WEIGHING-IN AND DESIGNATION OF CONTESTANTS

Time

SECTION 1. *a. Dual Meets.* Contestants may weigh-in a maximum of five hours and a minimum of one-half hour before the meet is scheduled to begin. The exact maximum time shall be decided by mutual agreement of the competing teams. The home team's representative shall be sent onto the mat first, and he cannot be withdrawn or replaced.

b. Teams may weigh-in on home scales by mutual agreement of coaches and shall furnish the weight list with actual weights listed. It is recommended that the accuracy of all scales be certified by a qualified scale authority.

SECTION 2. a. Tournaments. Each day of the tournament, except the first day, contestants will weigh-in a maximum of five hours and a minimum of four hours before the meet is scheduled to begin.

For the first day of the National Collegiate Wrestling Championships contestants will weigh-in a maximum of six hours and a minimum of five hours before the meet is scheduled to begin.

b. The contestant who is to represent his institution must be named at the time of weigh-in in all tournaments.

c. *Supervision.* The Referee or other authorized person shall supervise the weighing-in of contestants.

HIGH SCHOOL MODIFICATION

1. *Dual Meets.* Contestants may weigh in a maximum of one hour and a minimum of one-half hour before time the meet is scheduled to begin. (Changes in time may be made by individual State Assns.)

2. *Tournaments.* Each day of the tournament, contestants may weigh-in a maximum of three hours and a minimum of one-half hour before the meet is to begin, with one pound allowance to be given each day over the weight limit of the previous day. (Changes in time may be made by individual State Associations.)

3. A contestant may not wrestle more than one weight class above his actual weight.

Weight Allowance

SECTION 3. a. Dual Meets. In all dual meets, net weights shall be required. No overweight is permitted nor should it be requested.

For Colleges only—Members of both teams will be allowed one additional pound per day when one team is traveling and wrestling on two or three successive days. (Maximum of two pounds.)

b. *Tournaments.* In tournaments a one pound allowance shall be given each day over the weight limit of the previous day.

c. *Net Weight.* Contestants shall weigh-in without clothing.

Failure to Make Weight

SECTION 4. Any Contestant failing to make weight at the minimum time shall be rejected. If a contestant fails to weigh-in on the second or subsequent day of a tournament a forfeit shall be awarded his opponent and points for the forfeit and advancement shall be scored.

Medical Examinations, etc.

SECTION 5. At the time of the weighing-in on the opening day of the annual National Collegiate Championships, a physician or physicians shall be present to examine all contestants for communicable diseases and shall disqualify any contestant who, in their judgment will endanger other participants. In other meets it is recommended that a similar examination of all contestants be made at the time of the weighing-in, and the presence of a communicable disease or any other condition, which in the opinion of the examining physician makes the participation of that individual inadvisable, should be considered full and sufficient reason for disqualification.

SECTION 6. No substitution is allowed in dual meets or tournaments for injured contestants.

SECTION 7. Defeat due to injury in a tournament does not eliminate a man

for third place competition.

SECTION 8. A forfeit will eliminate a contestant from third place competition in tournaments.

SECTION 9. A disqualification may eliminate a contestant from third place competition in tournaments. (See note under penalty chart.)

SECTION 10. Any contestant who fails to check in or to make weight each day of a tournament is ineligible for further competition and cannot place in the tournament.

NOTE 1—In case of unavoidable circumstances affecting weigh-in or schedule of matches, see Rule 13, Sec. 12.

NOTE 2—Contestants in the unlimited class must check-in at each weigh-in session of tournaments.

RULE 6—CONDUCT OF TOURNAMENTS

Places Scored

SECTION 1. In all tournaments four places shall be awarded as follows: The loser in the final first place match shall automatically take second place; the winner of the final consolation match shall be awarded third place and the loser fourth place.

NOTE—In the National Collegiate Championship tournament six places shall be awarded (see Rule 9, Sec. 2b(3)).

Drawings

SECTION 2. Immediately after the expiration of the minimum weighing-in time, drawings shall be made. Drawings shall be made in accordance with the graphic illustrations as provided in Sections 5, 6 and 7 of this rule.

Seeding

SECTION 3. Whenever there are two outstanding contestants in any class, the name of one of these contestants shall be placed in the upper half of the drawing bracket and the name of the other in the lower half. In case several seeded men are of equal ability, their seeded positions shall be determined by drawing.

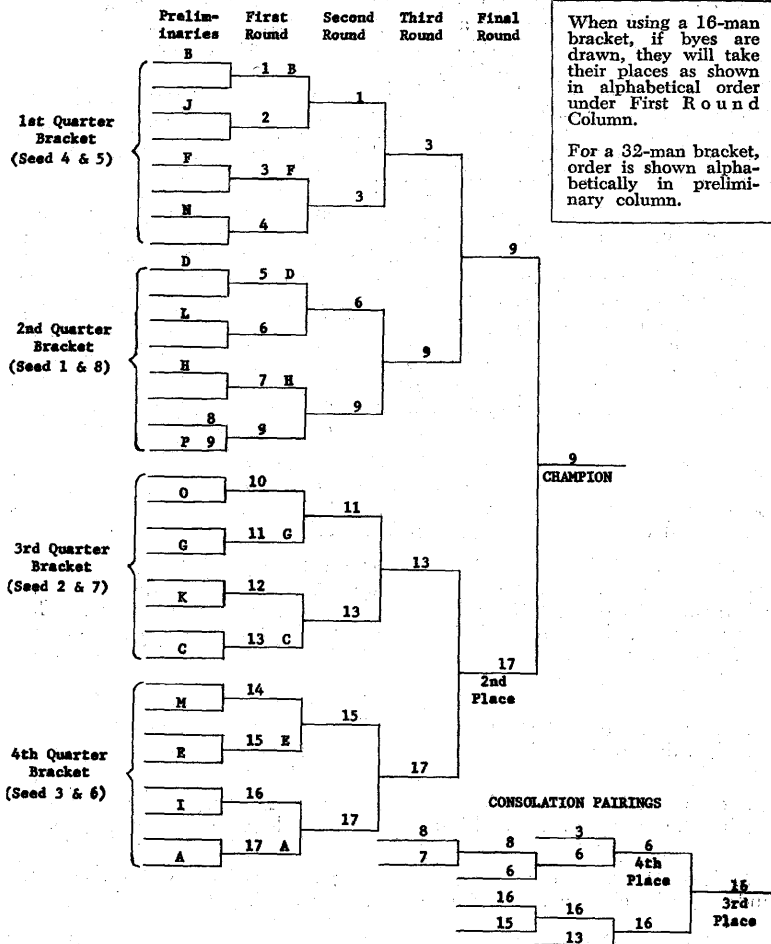

If there is one outstanding wrestler in any class and also two others who are distinctly superior to the remainder in that class, those wrestlers should be seeded in different quarter brackets of the opposite half bracket from the outstanding wrestler. A seeded contestant shall have the same opportunity to draw for the byes as other contestants in his bracket.

In the annual National Collegiate Championships, whenever possible, contestants from the same geographical location or conference who have previously met during the season shall be drawn so as to prevent them from meeting in the first round.

Byes

SECTION 4. When the number of competitors is not a power of two (that is, 4, 8, 16, 32, 64) there shall be "byes" in the first round. The number of byes will be equal to the difference between the number of competitors and the next power of two above. The number of pairs which meet in the first round shall be equal to the difference between the number of competitors and the next lower power of two. There will be no byes after the first round and no further drawing is necessary for the first place or consolation rounds. The byes, if even in number, shall be equally divided between top and bottom. If the number of byes be uneven, there shall be one more bye at the bottom than at the top, as shown in Section 5 of this rule.

SECTION 5. **Graphic Illustration of Drawings and Seeding**

When using a 16-man bracket, if byes are drawn, they will take their places as shown in alphabetical order under First Round Column.

For a 32-man bracket, order is shown alphabetically in preliminary column.

- No. 1 seeded man draws for possible positions 5, 6, 7, 8, 9, in Quarter Bracket #2.
- No. 2 seeded man draws for possible positions 10, 11, 12, 13, in Quarter Bracket #3.
- No. 3 seeded man draws for possible positions 14, 15, 16, 17, in Quarter Bracket #4.
- No. 4 seeded man draws for possible positions 1, 2, 3, 4, in 1st Quarter Bracket #1.
- No. 5 seeded man draws for position in opposite half of Quarter Bracket #1.
- No. 6 seeded man draws for position in opposite half of Quarter Bracket #4.
- No. 7 seeded man draws for position in opposite half of Quarter Bracket #3.
- No. 8 seeded man draws for position in opposite half of Quarter Bracket #2.

Contestants Eligible for Third Place Matches

SECTION 6. *a.* Immediately after completion of the first semi-final match in each weight the third place consolation rounds shall start between all contestants defeated by the winner of this semi-final match. (See *b* following.)

After completion of the second semi-final match in this same weight the same plan shall be followed as indicated in the preceding paragraph. The winners of the third place consolation rounds in each of the two half-brackets in each weight class, meet in the final consolation match to determine the third and fourth place winner.

b. When only two contestants have been defeated by the winner of any semi-final match the two defeated contestants shall compete and the winner of the match shall meet the corresponding winner from the other half-bracket to decide the third and fourth place awards. When more than two contestants have been defeated by the winner of any semi-final match, preliminary third place matches will be necessary and *should be conducted in accordance with the original first round drawings*; therefore, those eligible for the third place consolations should be matched in the order in which they were defeated by the the finalists in this half-bracket. The eligible contestants are designated in Section 6*a* of this Rule.

Example

SECTION 7. Referring to the Graphic Illustration under Section 5, those eligible for the third place rounds in the upper half-bracket 8, 7, 6, 3, we will assume that 8 wins from 7 and then 6 wins from 8 and 6 defeats 3.

In the lower half-bracket three contestants 16, 15 and 13 have been defeated by the finalist 17 and therefore, only two matches are necessary. We will assume 16 defeats 15 and later defeats 13. He meets 6 in the final consolation match in this weight. The winner 16 is awarded third place and the loser 6 fourth place. All third place matches shall be run off prior to the first place finals matches.

SECTION 8. No contestant shall wrestle two matches in any tournament with less than one (1) hour rest between such matches.

SECTION 9. The Rules Committee recommends that medals and team trophies be formally presented in a ceremony made as impressive as possible.

SECTION 10. Any conference or other tournament may be conducted under any bracketing that is agreed upon by participating schools.

RULE 7—CONDUCT OF MATCHES

Length of Matches

SECTION 1. All regular matches shall be eight minutes in length divided into three periods with the first period two minutes and the second and third periods

three minutes each. The first period will start with both contestants standing opposite each other, on the green or red area of the 10-foot circle. The wrestlers will come forward, shake hands and step back to their designated areas and when the Referee blows his whistle begin wrestling. A fall during this or either subsequent period terminates the match. If neither contestant secures a fall in the first period, the Referee shall recess the match and place the wrestlers in the starting position on the mat (Rule 8, Sec. 1) with the appropriate contestant in the position of advantage (Rule 7, Sec. 3). The second period shall be started immediately by the Referee's whistle. If no fall occurs during this second period, upon its expiration the Referee shall again recess the match, place the contestant who started the second period in the position of advantage underneath and start the third period as before. If no fall occurs during the final period, and after the match is concluded, wrestlers will return to and remain on their respective (green or red) areas while the Referee checks with the scorers' and timers' table. Upon the Referee's return to the mat, the contestants will shake hands and the Referee will declare the winner in accordance with Figs. 17 and 18. The time in a match is continuous except when the Referee stops and starts a match.

NOTE 1—Failure to comply with end-of-match procedure after being warned shall result in penalty points being assessed in dual meets and tournaments.

NOTE 2—In matches involving sight handicapped wrestlers, it is recommended that a finger-touch method be used in the neutral position and initial contact be made from front.

HIGH SCHOOL MODIFICATION

The matches shall be six minutes in length divided into three periods of two minutes. No rest is allowed. The matches shall be conducted in the same manner as set forth above.

Intermission

SECTION 2. Each recess between the periods of any match shall be only such time as is required by the Referee to bring the contestants into the proper position for the next period. No rest shall be permitted except for injury. (See Rule 12, Sec. 1.)

Choice of Position

SECTION 3. *a. Dual Meets.* Immediately before the contest starts the Referee shall call the captains to the center of the mat and decide by the toss of a coin which team has the choice of position at the start of the second period in each weight class. The winner of a toss may choose the odd or even number of the weight classes listed consecutively. A choice of odd or even matches in dual meets is not altered in case of a fall, default, forfeit or disqualification.

b. Tournament. Immediately following the end of the first period the Referee shall determine which wrestler has the choice of position at the start of the second period, by the toss of a coin or disk.

Overtimes

SECTION 4. In tournament competition when there is a tie in points the contestants shall wrestle three

extra periods of one minute each (consolation matches included) starting the first of these periods on the feet and conducting the entire overtime as in the regular match.

The choice of position shall be determined by the toss of a coin. There shall be one-minute rest between the regular match and the first overtime period and no rest between the first, second, and third overtime periods. The points and time advantage are not cumulative throughout the match and overtime periods, and only the points and time advantages scored in the overtime period shall be counted in determining the winner. A jury of two judges and the referee shall observe the overtime periods. When there is a tie in points at the end of the overtime periods the jury shall select the winner by ballot without any consultation and the match shall be awarded to the contestant who has shown superior wrestling ability in the overtime periods. The signed ballots of the jury shall be recorded on the score sheet. The criteria for determining superior wrestling ability are attempts to secure falls, takedowns, reversals, and escapes along with the maintenance of control.

NOTE—See Rule 11, Sec. 3.

HIGH SCHOOL MODIFICATION

1. Tournament matches will consist of three periods of two minutes each conducted as in 3b above. If the match ends in a tie the overtime shall consist of two one-minute periods.

2. *Overtimes in Tournaments.* Following the regular match one minute rest shall be given between the regular match and the first overtime period and no rest between the first and second overtime period. The periods will start from the referee's position as in the second and third period of the regular match. The choice of position will be determined by the toss of a coin, see Section 4 of this Rule for remainder of procedure.

Consolation Matches

SECTION 5. Consolation matches shall consist of three two-minute periods conducted in the same manner as regular matches in tournaments. Overtime periods in consolation matches shall consist of three one-minute periods.

Control of Mat Area

SECTION 6. All personnel other than actual participating contestants shall be restricted to an area reserved for such use. This area shall be at least ten feet from the actual mat area and scoring table.

NOTE—Coaches' and contestants' conduct will be strictly enforced. (See Penalty Chart.)

RULE 8—DEFINITIONS

Starting Position on the Mat

SECTION 1. *a. Defensive Wrestler.* A stationary position in which the defensive wrestler is on his knees facing away from the timers' table with his hands in the center of the mat. He must keep both

No. 3—STARTING POSITION →
 This position is shown as required in Rule 8, Sec. 1, a and b. Note particularly that offensive wrestler's leg is outside of defensive wrestler's leg.

knees on the mat and they shall not be spread more than the width of the shoulders. The legs must be parallel, with the toes neither turned out or under in an exaggerated position. The heels of both hands must be on the mat not less than 12 inches in front of the knees; and the elbows shall not touch the mat. (See Illustration No. 3.)

b. Offensive Wrestler. The offensive wrestler shall be on his knees at the right or left side of his opponent with his head along the mid line of his opponent's back. The near arm (right or left) is placed loosely around the defensive wrestler's body perpendicular to the long axis of the body with the palm of the hand placed loosely against the defensive wrestler's navel at the waistline and the palm of his other hand (left or right) shall be placed loosely on the back of the opponent's near elbow. Both of his knees shall be on the mat outside of and not touching the defensive wrestler's near leg. (See Illustration No. 3.)

Time Advantage

SECTION 2. The offensive wrestler who has control in an advantage position over his opponent is gaining time-advantage. A timekeeper assigned to each wrestler records his accumulated time-advantage throughout the match or a multiple timer may be permitted to record the time-advantage. At the end of the match the Referee subtracts the lesser time advantage from the greater. If the contestant with the greater time-advantage has less than one minute of net time-advantage, no point is awarded. If he has one full minute of net time-advantage, but less than two minutes he is awarded one point. If he has two full minutes or more, he is awarded two points. No contestant may be awarded more than two points for time advantage in any one match. The contestant with the lesser time-advantage receives no points even though he accumulates several minutes of time in the advantage position.

NOTE—Control is a situation in which a contestant exercises and maintains restraining power over his opponent.

←
No. 4—PROPOSED STARTING POSITIONS FOR FUTURE CONSIDERATION
 Coaches and wrestlers are encouraged to experiment with these starting positions and recommendations may be forwarded to members of the Rules Committee for further study. The major reason for consideration of a change in the starting position was the difficulty to administer starting position presently being used. Also see Nos. 5 and 6.

→
No. 5—DOWN WRESTLER
 On hands and knees on mat with hands not less than 8 inches in front of knees and must remain stationary in such position until match is resumed. Position is further defined by Fig. No. 6.

←
No. 6—TOP WRESTLER
 Hands only part of body touching defensive wrestler. Thumbs touching on spinal column. Heels of hands may not be below waistline or extend over shoulder (beyond neckline). Unnecessary roughness shall be subject to penalty.

Position of Advantage

SECTION 3. A position in which a contestant is in control of his opponent. Control is the determining factor. The failure of the offensive wrestler to get his head out from the defensive wrestler's arm does not necessarily prevent the offensive wrestler from having control. The offensive wrestler is entitled to this advantage until such time as his opponent gains a neutral position or a reversal. (See Rule 8, Secs. 5, 8, 9 and 10.)

No. 7—CONTROL

Note—Control is gained only when the hold is applied to the lower leg.

No. 8—CONTROL

→

Takedown

SECTION 4. When, from a neutral position, a contestant gains control of his opponent down on the mat while the supporting points of either wrestler are within the wrestling area, he has gained a takedown. Two points are awarded for each takedown.

NOTE—The supporting points of either wrestler are the parts of the body touching the mat that bear the weight of the wrestler's body other than the parts with which he is holding his opponent. When down on the mat the usual points of support are the knees, the side of the thigh and the buttocks. In a standing position the feet are the main points of support.

Out-of-Bounds

SECTION 5. Contestants are "out-of-bounds" when any supporting part of either wrestler touches or goes beyond the boundary line with the following exceptions:

a. When a take-down is imminent, wrestling shall continue as long as the supporting points of either wrestler remain within the boundary lines of the wrestling area.

b. When a fall is imminent, wrestling shall continue as long as both shoulders of the defensive wrestler are on the mat proper within the boundary lines.

c. When one wrestler has the advantage position the match shall continue as long as the main supporting parts of either wrestler remain within the wrestling area. The Referee should anticipate difficult positions on the edge of the mat and prevent them by stopping the match, and resume wrestling at the center of the mat, as in the case of an out-of-bounds situation.

Resumption of Wrestling After Out-of-Bounds

SECTION 6. The position to be assumed by the contestants at the resumption of a match shall be neutral or in the starting position on the mat as determined by the position held upon going out-of-bounds. If neither wrestler has control, the match shall be resumed with both wrestlers opposite each other and on the designated red and green areas on the ten-foot circle. If one wrestler has the advantage, he will take the offensive position in the starting position at the center of the mat.

Stalemate

SECTION 7. When the contestants are interlocked in a position other than a pinning situation in which neither wrestler can improve his position, the Referee shall stop the match and wrestling shall be resumed as for out-of-bounds.

Neutral Position

SECTION 8. Is a position in which neither wrestler has control.

Escape

SECTION 9. An escape occurs when the defensive wrestler gains a neutral position while the supporting points of either wrestler are within the wrestling area.

Reversal

SECTION 10. A reversal occurs when the defensive wrestler comes from underneath and gains control of his opponent either on the mat or in a rear standing position while the supporting points of either wrestler are within the wrestling area.

Fall

SECTION 11. Any part of both shoulders or area of both scapulas held in contact with the mat for one second constitutes a fall. The one-second count (one-thousand-and-one) shall be a silent count by the Referee and shall start only after the Referee is in such position that he knows positively that a fall is imminent, after which the shoulders or scapula area must be held in continuous contact with the mat for one second before a fall shall be awarded. (See Fig. 12.)

HIGH SCHOOL MODIFICATION

Two seconds constitutes a fall. The two-second count (one-thousand-and-one, one-thousand-and-two) shall be a silent count by the Referee.

a. A fall shall not be awarded when one or both shoulders or head of the defensive contestant are out-of-bounds. (See Rule 8, Sec. 5b.)

NOTE—The head must touch the mat on or outside the boundary line to be considered out-of-bounds.

b. If the defensive wrestler is handicapped by having any portion of his body off the wrestling area, no fall shall be awarded and out-of-bounds shall be declared.

c. When the match is stopped for out-of-bounds in a fall situation, the match shall be resumed in the starting position on the mat. (See Rule 8, Secs. 1 and 6.)

Near-Fall

SECTION 12. A near-fall is a position in which the offensive wrestler has control of his opponent in a pinning situation with both shoulders or the scapula area held in contact with the mat for less than one full second (a silent count of one-thousand-and-) or when one shoulder of the defensive wrestler is touching the mat and the other shoulder is held within one inch or less of the mat for two full seconds. Three points shall be awarded for these situations.

HIGH SCHOOL MODIFICATION

A near-fall is a position in which the offensive wrestler has control of his opponent in a pinning situation with both shoulders or the scapula area held in contact with the mat for one full second or when one shoulder of the defensive wrestler is touching the mat and the other shoulder is held within one inch or less of the mat for two full seconds. Three points shall be awarded for these situations.

Predicament

SECTION 13. A predicament is a position in which the offensive wrestler has control of his opponent in a pinning situation.

a. When both shoulders of the defensive wrestler are held momentarily (stopped) within approximately four inches of the mat or less, a predicament shall be scored. Two points shall be awarded for a predicament. A continuous roll-through is not to be considered a predicament.

b. When one shoulder of the defensive wrestler is touching the mat, and the other shoulder is held at an angle of 45 degrees or less with the mat, but not sufficiently close to award a near-fall, for one second or more, a predicament shall be scored.

NOTE 1—A near-fall or predicament is ended when the defensive wrestler gets out of the pinning situation.

The Referee must not signal the score for a near-fall or a predicament until the situation is ended. Only one near-fall or one predicament shall be scored in each pinning situation regardless of the number of times the offensive wrestler places the defensive wrestler in a near-fall or predicament position during the situation.

NOTE 2—Regardless of the length of time a defensive wrestler may be held in a pinning situation, no predicament or near-fall may be awarded except as provided in Rule 8, Sections 12 and 13 above.

NOTE 3—Only a wrestler with the advantage who has his opponent in a pinning situation may score a near-fall or predicament. Bridgebacks in body scissors or bridgeovers with a wristlock are not considered near-fall or predicament situations although a fall may be scored.

NOTE 4—When the defensive wrestler places himself in a precarious situation during an attempted escape or reversal, a near-fall or predicament shall not be scored unless the offensive wrestler has control of his opponent in a pinning situation.

Decisions

SECTION 14. If no fall has resulted after expiration of the three regular periods of any match as provided in Rule 7, Sec. 1, the Referee shall award the match to the contestant who has scored the greater number of points as provided by the point system in Rule 9, Sec. 3. If there is a tie in the number of points scored, the Referee shall declare the match a draw in dual meets. (See Rule 7, Sec. 4 for tournaments.)

Forfeit

SECTION 15. A forfeit is received by a wrestler when his opponent for any reason fails to appear for the match. In order to receive a forfeit, a wrestler must be dressed in wrestling uniform and appear on the mat. (See Rule 5, Sec. 4.)

Default

SECTION 16. A default is awarded in a match when one of the wrestlers is unable to continue wrestling due to an injury.

Disqualification

SECTION 17. Disqualification is a situation in which a contestant is banned from further participation in accordance with the penalty chart.

RULE 9—SCORING

SECTION 1. All scoring must be kept in plain view of spectators, contestants, and coaches.

NOTE—It is strongly recommended that a timing device be available and visible for the purpose of recording the riding time.

SECTION 2. Team Points.

a. Dual Meets.

(1) **Fall.** Five points shall be scored toward the team total for each contestant who wins by a fall, default, forfeit, or disqualification.

NOTE—A team forfeit shall be scored five points for each weight class.

- (2) *Decision.* The decision shall count three points on the team score.
- (3) *Draw.* In case of a tie two points shall be scored for each team.

NOTE—This scoring procedure shall be used for all tournaments scoring six places.

RULE 10—INFRACTIONS

Illegal Holds

SECTION 1. Any hold shall be allowed except the hammerlock above the right angle; the twisting hammerlock; front headlock; headlock without the arm; the straight head scissors (even though the arm is included); over-scissors; flying mare with the palm up; full (double) nelson; strangle holds; all body slams; toe holds; twisting knee lock; key lock; overhead double arm bar; the bending, twisting or forcing of the head or any limb beyond its normal limits of movement; locking the hands in a double arm bar from a neutral position; and any hold used for punishment alone (see Illustrations Nos. 9 through 33).

NOTE 1—Contestants may grasp all four fingers in an effort to break a hold, but pulling back the thumb, or one, two or three fingers is illegal.

NOTE 2—The term "slam" is interpreted as lifting and bringing an opponent to the mat with unnecessary roughness. This infraction may be committed by a contestant in either the top or bottom position on the mat as well as during a takedown. When a contestant lifts his opponent off the mat and brings him forcibly to the mat with the upper half of the body coming in contact with the mat first, a slam will be called. A forceful trip may be considered as unnecessary roughness. Slams shall be called without hesitation following situation occurring.

NOTE 3—An intentional drill or forceful fall-back is illegal when the defensive wrestler is in a standing position and the offensive wrestler has a scissor hold or a cross body ride.

NOTE 4—A leg hooked over the top toe of an opponent's straight body scissors is interpreted as an over-scissor and therefore illegal.

NOTE 5—A wrestler applying a legal hold should not be penalized when his opponent turns the legal hold into an illegal hold. The Referee shall cause the hold to be released if there is danger of injury. However, the match need not be stopped unless the Referee finds it necessary to do so in order to correct the situation.

No. 9—ILLEGAL HAMMERLOCK (ABOVE RIGHT ANGLE)

The hammerlock is a legal hold, provided the arm is not bent above the right angle (i.e., provided that the arm is not carried above the small of the back); and provided, further, that the hand is not forced out away from the body, making it a twisting hammerlock. In this illustration the arm is carried distinctly above the right angle and is illegal.

No. 10—ILLEGAL DOUBLE WRISTLOCK ON THE MAT

This cut shows double wristlock turned into a typical twisting hammerlock that will injure opponent's shoulder if the arms are forced upward, unless opponent turns with the pressure, which often he is unable to do promptly enough to prevent injury to the shoulder.

No. 11—LEGAL DOUBLE WRISTLOCK ON THE MAT

The double wristlock on the mat is legal if the direction of the force is perpendicular to the long axis of the body.

→
**No. 18—LEGAL FOOT
 (IN-STEP) HOLD**

The defensive wrestler may grasp the instep, heel or ankle in his effort to escape, providing the pressure is not such as to endanger the ankle, knee or hip joint.

←
**No. 19—ILLEGAL TOE-
 HOLD (ALSO TWISTING
 KNEELOCK WHICH IS
 MORE DANGEROUS
 THAN TOEHOLDS)**

All toeholds, regardless of the degree to which the leg is twisted are illegal under these rules. Any pressure against the knee joint as shown by the above illustration constitutes an illegal hold.

→
**No. 20—ILLEGAL DOUBLE
 ARM BAR**

Locking hands in a double arm bar from a neutral position.

No. 21—ILLEGAL HEAD LOCK
Locking the arm around the head.

No. 22—LEGAL HEAD LOCK
Opponent's arm is included in the lock.

No. 23—A LEGAL HOLD
Pulling the head over the shoulder with hands locked or overlapped.

**No. 24—THREE-QUARTER NELSON,
 A LEGAL HOLD**

→
No. 25—LEGAL GUILLOTINE

Arm is locked around opponent's head or neck.

←

No. 26—LEGAL GUILLOTINE

Hands are not locked or overlapped around head or neck.

→
No. 27—ILLEGAL OVER-HEAD DOUBLE ARM BAR
This hold is illegal when used as shown above either with or without the scissors and applied with either one or both arms.

NOTE 6—Whenever possible an illegal hold should be prevented rather than called.

NOTE 7—The three-quarter nelson is not to be interpreted as a headlock.

NOTE 8—Pulling the head over the shoulder with hands locked or overlapped is not to be interpreted as a headlock.

**Abusive or
Unsportsmanlike
Conduct**

SECTION 2. Conduct of a coach, contestant or spectator that becomes abusive, unsportsmanlike or interferes with the orderly progress of a match shall be grounds for removal from the premises. The home management shall be responsible for the removal of the violators at the request of the Referee. (See Penalty Chart.)

NOTE—This includes abusive language used during and following a match.

**Unnecessary
Roughness**

SECTION 3. Either before, during or following a match, intentional striking, gouging, kicking, hair pulling, butting, elbowing or an intentional act which endangers life or limb shall be penalized. (See Penalty Chart.)

**Flagrant
Misconduct**

SECTION 4. Any time misconduct of a contestant, coach or spectator is of a flagrant nature in the opinion of the Referee, penalty is removal from the premises and a deduction of one team point. When unnecessary roughness or abusive conduct is of a flagrant nature, the Referee is expected to penalize according to this section of the penalty chart.

**Foreign
Substance
on Skin**

SECTION 5. The use of oil or greasy substances which cannot be completely removed shall be grounds for disqualification at the discretion of the Referee. Time out for the removal of such foreign substance shall be cumulative with the time out for injuries throughout the match. The total time out shall not exceed three minutes. (See Rule 12, Sec. 1.)

**Objectionable
Pads and Braces**

SECTION 6. (See Rule 3, Sec. 4 and the Penalty Chart.)

**Potentially
Dangerous
Holds**

SECTION 7. The double wristlock, chicken wing, split scissor, and other holds may cause injury when used legally, and are potentially dangerous holds. Contestants should know the dangers of these holds and the blocks for them. The Referee should anticipate danger of injury from these holds and be in position to block them before they reach the danger point. Furthermore, all Referees, coaches and contestants should understand that any and all holds used in such a way as to endanger life or limb are illegal and all Referees should verbally caution contestants against forcing a potentially dangerous hold into an illegal position. The double wristlock and chicken wing become illegal when forced into a twisting

hammer lock position as in the case of applying the force parallel instead of perpendicular to the long axis of the body.

It should be understood that no contestant should ever be put in a position where he must forfeit a neutral position, a position of advantage or a fall because of an injury or danger to life or limb, and the Referee should promptly stop any and all holds which in his opinion may so result. If a legitimate hold is forced to such an extent as to endanger a contestant or if it becomes a punishing hold, the Referee shall stop the match and require the hold to be broken. No penalty points should be awarded. The match shall be resumed in the neutral or starting position on mat as determined by the position held at the time the match was stopped.

NOTE—The chicken wing is a legal but potentially dangerous hold. Especially when the hand goes behind the back with parallel pressure to the long axis of the body it becomes a twisting hammerlock and is illegal. (See Illustration No. 29.)

←
No. 28—POTENTIALLY
DANGEROUS CHICKEN
WING

While pressure (force) is neither parallel nor perpendicular to defensive wrestler's long axis, possible twisting hammerlock causes hold to become potentially dangerous.

→
No. 29—ILLEGAL CHICKEN
WING

Twisting hammerlock with pressure (force) parallel to long axis makes this an illegal hold.

a. Any holds over the mouth, nose, eye or front of throat shall not be permitted. Pressure from the side of the hand, forearm or wrist is considered a hold and therefore barred when used on the mouth, nose, eyes or front of throat. Forcing such a hold may be considered unnecessary roughness depending on the intent of the act as determined by the Referee and shall be penalized accordingly. (See Illustrations Nos. 30 through 33.)

HIGH SCHOOL MODIFICATION

Whenever defensive wrestler stands up after offensive wrestler has applied a scissors hold (including the cross body ride), the Referee shall consider this potentially dangerous and stop match when defensive wrestler removes hands from mat. Wrestling shall be resumed from referee's position.

←

No. 30—ILLEGAL BLOCKING ON FACE (ON FACE PROPER)

This form of blocking is illegal because it is over mouth, nose and eyes, in contrast to position in No. 31.

→
NO. 31—LEGAL BLOCKING ON FACE (ON CHIN)

Blocking on chin or forehead is legal but is not legal over face proper; that is, over mouth, nose or eyes.

No. 32—A LEGAL CROSS FACE

It is an effective and legal block for the double leg pick-up.

No. 33—ILLEGAL FACE HOLD

Shows a hold commonly used but which is contrary to both the letter and spirit of amateur wrestling rules. It is frequently used momentarily in order to prevent defensive wrestler from coming out from underneath or to bring defensive wrestler back into position for a fall. Referee should see that offensive wrestler does not secure unfair advantage by means of this illegal action.

Technical Violations

(See Penalty Chart)

SECTION 8. a. Interlocking Hands. The wrestler in the position of advantage cannot lock his hands, fingers or arms around his opponent's body or legs unless his opponent has all of his weight supported entirely on his feet or he has him in a pinning situation. The mere touching of the defensive man's hands to the mat is not considered a change in this position unless the hands are used as support parts, in which case, the offensive contestant is allowed reaction time to release the lock. It is unsportsmanlike for the defensive contestant to touch his hands to the mat in order to release the offensive wrestler's lock and the Referee shall not call a violation if, the lock is held in such cases. (See Illustrations Nos. 34 through 37 and Fig. 13.)

NOTE—The Referee shall not stop action when signaling the violation when the defensive man is in the process of a reversal or escape. The defensive man is allowed to complete the reversal or escape provided he does so in a continuous maneuver. If the defensive man fails to complete the reversal or escape after an opportunity to do so, the Referee will stop the match and award the penalty. (See Penalty Chart.)

b. Leaving Mat Without Permission. It is a technical violation to leave the mat without first receiving permission to do so from the Referee.

←

No. 34—INTERLOCKING OF HANDS AROUND THE BODY

A Technical Violation. Offensive wrestler is not allowed to lock hands, fingers, wrists or arms around body while defensive wrestler is supported by parts other than his feet.

No. 35—LEGAL USE OF THE HANDS IN WAIST-LOCK

This shows the legal use of the hands of the top man. The defensive contestant's supporting parts except feet are clearly off the mat.

→

↑ No. 37—INTERLOCKING OF HANDS
AROUND LEGS
This position is a technical violation.

No. 36—LEGAL USE OF HANDS IN BODYLOCK
This complete bodylock is legal because defensive wrestler is in a standing position. This hold would be a technical violation if defensive wrestler had one or both knees on the mat. (See Rule 10, Section 8a.)

c. Delaying Match. Delaying the match such as straggling back from out-of-bounds, unnecessary changing and adjusting equipment, repeatedly assuming incorrect referee's position and repeatedly making false starts from the starting position are technical violations.

d. Intentional Forcing Opponent Off Mat. Intentional forcing opponent off the mat to prevent a take-down, reversal or an escape is a technical violation. (See Penalty Chart.)

e. Intentional Going Off Mat. Intentionally going off the mat to prevent a take-down, reversal or escape is a technical violation. (See Penalty Chart.)

f. Defensive Wrestler Intentionally Going Off Mat. It is a technical violation if the defensive wrestler intentionally walks, crawls, rolls or bridges off the mat. No penalty is provided if a near-fall or predicament is awarded during this violation.

NOTE—It is considered a violation if the contestant in a figure-four body scissors intentionally goes off the mat to get the hold released.

g. Grasping Clothing, etc. No grasping of clothing, mat or mat cover by a contestant is permitted and any advantage gained thereby shall be nullified. Grasping clothing to prevent or gain an escape, reversal, takedown, or fall, is a technical violation.

NOTE—(Treat same as Note under Rule 10, Section 8a.)

Stalling

SECTION 9. It is the responsibility of contestants, officials and coaches to avoid the use of stalling tactics or allowing the use thereof and action is to be maintained throughout the match by the contestants making an honest attempt to stay in the circle and to wrestle aggressively whether on the top, bottom or neutral positions. This concept shall be demonstrated by those responsible with strict enforcement by officials. A stalling penalty is preceded by a warning.

a. Neutral Position. Each wrestler must make an honest attempt to stay in the 10-foot circle and secure a take-down regardless of the time or score of the match. A contestant who continually avoids contact with his opponent is stalling. A contestant may leave the circle to maneuver for position provided he continues his attempt to gain an advantage and make an effort to work back into the circle. Intentionally or voluntarily stepping off the mat, taking a position near the edge of the mat for the purpose of going off the mat or allowing his opponent to push him off when the opponent makes an effort to go behind, is stalling.

b. Advantage Position. The contestant in the advantage position on the mat shall make an honest attempt to wrestle aggressively. A period of ten seconds shall be sufficient time for the Referee to decide whether or not a contestant retaining a stalling hold has made an attempt to improve his position. For the second and subsequent penalties a period of five seconds shall be sufficient time to determine the intent to stall.

Holding Legs. It is a stalling violation for the wrestler in the advantage position on the mat to grasp the defensive wrestler's leg or legs with both hands or arms unless such action is designed to break his adversary down and go into a pinning combination or to prevent an escape or reversal. Repeatedly grasping and holding the leg or legs with both hands or arms merely to break the defensive wrestler down or to keep him under control for the purpose of stalling is a violation under this rule. When the defensive wrestler has gained his feet the wrestler in the advantage position is allowed reaction time to begin his break down when he is holding a leg or legs with both hands or arms.

c. Defensive Position. Refusing to wrestle aggressively in the defensive position is stalling and shall be penalized as a technical violation. (See Penalty Chart.)

NOTE 1—In this position wrestling will continue and a visual and verbal warning given to the defensive wrestler.

NOTE 2—When there is no action in the mat position, the responsibility for initiating the action rests with both wrestlers.

d. Whenever an official recognizes stalling occurring at any time and in any position, he will warn the offender after a maximum of ten seconds. Thereafter, stalling violations will be called and penalized accordingly with a maximum of five seconds permitted prior to subsequent violations being called.

It is suggested that officials use a visual count when determining subsequent violations following the original warning. A downward hand motion at one second intervals is the suggested method for a visual count.

RULE 11—PENALTIES AND WARNINGS

SECTION 1. The infractions of the rules are penalized in accordance with the penalties as listed on the Penalty Chart (Page 36).

SECTION 2. In calling each penalty the Referee shall stop the match, except when warning the defensive wrestler, give the hand signal for the points

RULE 12—INJURIES AND DEFAULTS

Time Out

SECTION 1. An injured contestant has a maximum time-out of three minutes which is cumulative throughout the match including the overtime. There shall be no limit to the number of time-out periods which may be taken in any match, but the total time-out shall not exceed three minutes. If, at the expiration of the time-out, he is able to continue wrestling, the match shall be resumed as if the contestants had gone out-of-bounds. Nose bleed or any other excessive bleeding shall not be interpreted as an injury and the number and length of time-out periods for such bleeding is left to the discretion of the Referee.

Unconscious

If a contestant is rendered unconscious he shall not be permitted to continue the match without the approval of a physician. If the injured contestant is unable to continue wrestling, the match shall be awarded in accordance with Secs. 2 and 3 of this rule.

Accidental Injury

In case of an intentional attempt to injure an opponent, the offender shall be disqualified. (See Rule 10, Sec. 3 and Penalty Chart for "Flagrant Misconduct.")

c. Whenever time is involved in any situation occurring in the match.

SECTION 7. The Referee will notify the scorer, when warnings or points are awarded to either contestant. (See Signals for Referees, page 41.)

SECTION 8. The Referee should anticipate difficult positions on the edge of the mat and prevent them by stopping the match, and resume wrestling at the center of the mat, as in the case of an off-mat decision.

SECTION 9. The Referee shall be firm in enforcing the letter and spirit of the rules and penalize consistently any repeated infractions. He must enforce vigorously and promptly the penalties for the infractions as provided in Rules 10 and 11. On each penalty, except the warning for defensive stalling, the Referee shall stop the match and announce the penalty in the prescribed manner so that the contestants, scorers, coaches and spectators are aware of it. (See Signals for Referees, page 41.)

SECTION 10. The Referee shall caution the user of a potentially dangerous or illegal hold in order to prevent possible injury. Such holds should be stopped by the Referee, if possible, before reaching the dangerous stage.

SECTION 11. The Referee should not place his hands under the shoulders of a contestant unless absolutely necessary to determine a fall.

SECTION 12. The Referee should meet promptly, in a spirit of good sportsmanship, any situation developing unexpectedly.

(See Rule 7, Sec. 1) (See Referees' Signals).

SECTION 3. The home management shall notify visiting teams at least ten days prior to date of meet the exact time and place of the meet and the name of the Referee.

Referees' Signals

The signals illustrated on the following pages are standard for wrestling Referees throughout the nation. It is the duty of every Referee to know these signals in order to give them instantly and clearly so that the wrestlers, timers, scorers and spectators are aware of what is taking place during the progress of the match.

The Use of the Whistle

SECTION 1. The whistle should be held ready for immediate use at all times during the match.

←
Fig. 1—Designating The Position Of The Wrestlers Before The Start Of The Match. As the wrestlers come onto the mat the Referee points to the areas they are to take on the circle (green for the home team, red for the visiting team). He next points one hand toward the timers and scorers to verify their readiness. Note—After an out-of-bounds, wrestlers return to designated areas. The Referee raises his hand forward between two wrestlers. After a momentary pause to make certain the wrestlers are ready, he blows his whistle and simultaneously moves his hand as a signal for the wrestlers to go into action.

→
Fig. 2—Shaking Hands and Stepping Back. After the officials indicate they are ready at the table, the Referee directs the wrestlers to shake hands, step back to their designated areas, and be ready to wrestle when the whistle blows.

Fig. 3—Resuming The Match In The Starting Position On The Mat. *The Referee should face the officials table and kneel on one knee at a distance of 8 to 10 ft. in front of the wrestlers and a little to the side on which the top wrestler stations himself. The Referee may give a preparatory command such as "Get Set" or "ready." When the wrestlers are in proper positions (Rule 8, Sec. 1) and after a momentary pause the Referee blows his whistle and moves his hand to start the action. Note—Some wrestlers watch the Referee's hand to get a fast start. It is usually better in such cases to blow the whistle a moment before moving the hand. The whistle starts the action. The hand signal is for the timer; in case they do not hear the whistle.*

Fig. 4—Stopping The Match. *The Referee blows his whistle and extends his hand to stop the watch.*

Fig. 5—Stopping The Match For Out-Of-Bounds. When the contestants are out-of-bounds (Rule 8, Sec. 5) the Referee stops the match and extends both arms horizontally to the same side toward the out-of-bounds. The Referee places himself in the most advantageous position to determine the out-of-bounds and stops the match immediately when the out-of-bounds occurs.

Fig. 6—Declaring A Neutral Position Standing After Out-Of-Bounds. When the contestants are out-of-bounds (Rule 8, Sec. 5 and 5a) and neither is in an advantage position, the Referee stops the match as in Fig. 5 and signals a Neutral position. The upper arms are front horizontal, both forearms are vertical and the hands are extended upward.

Fig. 7—Indicating A Neutral Position During A Scrimmage For A Take-Down. Both arms are extended sideward slightly below the horizontal with the palms of the hands down. The Referee moves his hands back and forth bringing them together and moving them away while verbally announcing "no advantage."

Fig. 8—Indicating Retention of Advantage. Whenever there is any doubt as to the contestant in the advantage position the Referee should indicate the contestant in the advantage position by pointing to him with the index finger of one hand. The Referee will keep his other hand down and along his leg so that there will be no confusion as to whether any points are awarded.

Fig. 9—Awarding Points. One arm and index finger are pointed at the wrestler receiving the points. At the same time the Referee verbally announces the award and the name of the team receiving it as he raises his opposite arm to a near vertical position, indicating with extended fingers the number of points awarded.

Fig. 10—Warning A Contestant For A Violation. The match is stopped. The index finger of one hand is pointed to the violator. At the same time the Referee verbally announces the penalty and raises the opposite arm with his fist doubled to indicate the "warning" penalty for neutral or offensive stalling.

Note—For the "warning" in defensive stalling the match is not stopped.

←

Fig. 11—Scoring A Pinning Situation. The Referee gets down on the mat in a prone position for the best view of the defensive contestant's back while at the same time trying to keep out of the way of the contestants. The Referee does not signal a score for a "near-fall" or "predicament" until the pinning situation is ended. (Rule 8, Sec. 13, Note 1) After the situation is finished the Referee extends one arm upward indicating with the fingers the number of points awarded as he directs the index finger of his other hand toward the contestant receiving the points. (See Fig. 10.)

→

Fig. 12—Calling A Fall. When the fall (Rule 8, Sec. 11) is imminent the Referee raises one hand about 10 inches. As soon as the fall is completed he quickly strikes the mat with the palm and verbally announces "Fall." The Referee is not to put his hands under the back of the defensive wrestler unless his view of the shoulders is blocked by one or both contestants and it is absolutely necessary for him to feel the back on the mat in order to call the fall (Rule 13, Sec. 11).

←

Fig. 13—Interlocking Hands, Or Grasping Clothing, During An Escape Maneuver (Rule 10, Secs 8 a and i. When the bottom contestant is in the process of an escape or reversal and the contestant on top locks his hands or grasps the clothing to prevent the maneuver, the Referee indicates the violation by grasping the wrist of one hand with his other hand and holding it over his head. This signal stops the advantage time for the top contestant, and indicates the violation has occurred but the Referee is allowing the bottom contestant an opportunity to complete the action providing he does so in one continuous maneuver. If the maneuver is successful, bottom contestant gains neutral or top position, the Referee signals the points and the match continues with no interruption. If the bottom contestant fails to complete the maneuver the Referee stops the match and awards the penalty. (See Penalty Chart.)

→

Fig. 14—Preventing An Illegal Hold. (Rule 10, Sec. 1 & Rule 13, Sec. 10.) The Referee anticipates a potentially dangerous hold and gets in position to block it before it becomes dangerous. He may also verbally caution the contestant against forcing a potentially dangerous hold into an illegal hold.

←

Fig. 15—Calling Time Out. The match is stopped as in Fig. 4. If there is to be a delay in resuming the match, the Referee will indicate "time-out" by extending one hand in a vertical position at right angles to his chest with the ends of the fingers touching the palm of the other hand which is extended in a horizontal position in front of the chest. The Referee announces to the scorers the reason for the time out and to whom it is charged.

→

Fig. 16—Calling A Stalemate Situation. The match is stopped as in Fig. 4. Then the Referee indicates the reason for stopping the match as a stalemate by placing the arms on the chest in a bent position with the fists closed as indicated at the right.

→
Fig. 17—Declaring The Winner. (Rule 13, Sec. 13) At the end of the match the Referee orders the wrestlers to shake hands and raises an arm of the winning wrestler.

←
Fig. 18—Declaring A Draw. In case of a tie score at the end of the match in dual meets, the contestants will shake hands and the Referee will raise a hand of each of the contestants.
